Description

The high-quality, beautifully made Akyga® AK-AD-10 HDMI adapter allows you to connect an HDMI cable to the device with a microHDMI socket. It is used when installing cabling for audio and video devices such as television sets or home theater systems. Gold-plated terminals and high precision of workmanship allow for the highest quality signal transmission, the adapter supports HDMI version 1.4. In the AK-AD-10 adapter, data flow takes place in both directions.
