Computer case SFF

Model: **AK-502-01BK**

3

Product code	AK-502-01BK
Product type	Computer case SFF
Format	Small Form Factor
Series	SFF Tower Case
Motherboard compatibility	Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	None
Tool-less 5.25" drive installation	Yes
Drive Bays 3.5" internal	1 pc
Drive bay 3.5" external	1 pc
Tool-less 3.5" drive installation	Yes
Drive bays 2.5" internal	1 pc
Tool-less 2.5" drive installation	No
Tool-less 2.5" slim drive installation	No
Drive Bays 2.5" and 3.5" in all	3 pcs
Total internal bays	2 pcs
Total external bays	2 pcs
Maximum CPU cooling height	75 mm
Sheet thickness	0.55 mm
USB 3.0 ports on the front panel	1 pc
USB 2.0 ports on the front panel	3 pcs
Total number of USB connectors	4 pcs
Memory card reader	None
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	4 Low Profile
Security lock	Yes
Opening sensor	Optional
Kensington Lock	Yes
Hole for padlock	Yes
Cable management system	Basic
Installed fans	1 pc
Fan size	60 mm
Fan adjustments	Automatic
Spaces for additional fans	None
Water cooling ready	No
Anti-dust filters	No
Power supply tunnel	No
Material	Galvanized steel
Product color	Black

Description

Small Form Factor case Akyga® **AK-502-01BK** is a perfect alternative for those looking for functional and aesthetic miniaturization solutions for a traditional PC case. Due to their minimalistic design and compact size, these cases are eagerly used in office and business computers.
The casing allows the use of one of three different types of motherboards: **Micro ATX**, **Mini ITX** and **Flex ATX**, which is an important asset in adapting the components to changing needs and requirements, enhancing the versatility of the product. In addition, depending on your preferences and needs, the case can be set vertically or horizontally. **One 5.25" external bay** located on the top and **one 3.5" external bay** allows to mount a CD/DVD drive, burner or can be used as a space for memory card reader. Inside there is **one 3.5”** and **one 2.5” bay** for mounting discs and drives. The design allows for a completely **tool-less assembly** of all drives, allowing quick replacement and installation. Responsible for efficient cooling of components is **quiet fan** with a diameter of **6 cm** and automatic speed control.
On the front panel there are a **three USB 3.0 ports** for fast data transfer and one standard **2.0 port** for connecting wireless mice, keyboards, external storage media or other peripherals. The headphone and microphone inputs are located right next to it, providing easy and fast access to the peripherals.
To ensure safety, the case is equipped with a **Kensington Security Slot** which helps to protect the computer against theft. This feature is eagerly used in office computers.
A set of assembly screws included. The contents of the set may vary depending on the delivery.
To protect the environment, all Akyga cases are packed in EcoBoxes.
