Computer case ATX

Model: **AK13BK**

3

Product code	AK13BK
Product type	Computer case ATX
Format	Micro ATX
Series	Micro Tower ATX Case
Motherboard compatibility	ATX, Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	3 pcs
Drive bay 3.5" external	None
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	3 pcs
Tool-less 2.5" drive installation	No
Tool-less 2.5" slim drive installation	No
Drive Bays 2.5" and 3.5" in all	6 pcs
Total internal bays	7 pcs
Total external bays	1 pc
Maximum graphic card length	385 mm
Maximum CPU cooling height	150 mm
Sheet thickness	0.5 mm
USB 3.0 ports on the front panel	2 pcs
USB 2.0 ports on the front panel	1 pc
Total number of USB connectors	3 pcs
Memory card reader	None
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	7
Security lock	None
Hole for padlock	No
Cable management system	Basic
Installed fans	None
Fan adjustments	None
Spaces for additional fans	3
Fan slots description	Side: 12cm, back: 12cm, front: 12cm
Water cooling ready	No
Anti-dust filters	No
Power supply tunnel	No
Power supply unit included	No
Material	Galvanized steel
Product color	Black

Description

The Akyga® **AK13BK** is a compact, versatile case that is perfect both for players and for office space. The front panel with geometric cut-outs and steel mesh favors ventilation of components.
The case is suitable for four motherboard types - **ATX**, **Micro ATX**, **Mini ITX** and **Flex ATX**. Placed in upper part **external 5.25" bay** allows for CD/DVD drive installation. Inside there are **three 2.5" bays**, **three 3.5” bays** (convertible to 2.5"), and **one 5.25” bay**, giving a total of **7 bays** for mounting disks and drives. The applied cable management system and specially adapted holes inside the case make installation of the components fast and easy. The spacious interior holds graphic cards up to **385 mm** long.
The case makes it possible to install **three fans**: front (12 cm), side (12 cm) and rear (12 cm). The maximum height of CPU cooling system is **150 mm**. Cooling is also favored by a front panel, almost entirely made of **steel mesh**. This means that air circulation (with or without fans) is **much better** than in fully enclosed cases. This provides cooler conditions for key components, ensuring their stable operation for longer time.
On the front panel there are **two USB 3.0 ports** for fast data transfer and standard **2.0 port** for connecting peripherals such as a mouse or keyboard. The headphone and microphone inputs are located right next to it, providing easy and fast access to the peripherals.
A set of assembly screws included. The contents of the set may vary depending on the delivery.
To protect the environment, all Akyga cases are packed in EcoBoxes.
