Description

The Akyga® AK-SW-39 cable is used for charging **Mobvoi Ticwatch smart watches**. It is a reliable accessory that can be used both as a replacement for a damaged cable and as a spare cable for **charging your watch** in the car or office. Thanks to the built-in **magnets in the plug**, you can rest assured that the watch will sit properly on the power pins while ensuring a **stable connection** to the cable during charging, even when travelling in the car. What's more, there is a universal **USB-A connector** on the other side of the **1 m long cable**. This will allow you to connect the accessory to any power source with a USB port. This makes it up to you whether you connect it to a car charger, an AC adapter or a laptop.
Suitable for, amongst others: Ticwatch Pro 3 Ultra GPS, Ticwatch Pro 3 Ultra LTE, Ticwatch Pro 3 GPS, Ticwatch Pro 3 Cellular, Ticwatch Pro 3 LTE, Ticwatch E3.
