| Package size (L x W x H) | 440 x 205 x 413 mm |
| Net weight | 2.1 kg |
| Gross weight | 2.65 kg |
| CE compatibility | Yes |
| Included accessories | AK-CA-03, AK-CA-20 |
| EAN code | 5901720134424 |
| Warranty | 24 months |

# Description

Case **AK404BK** is a product of Akyga's Micro Tower offer, dedicated for users who want to create a compact computer. Small PC computer forms are becoming more and more popular because they take up little space and don't create the impression of "cluttered" room - whether in the office or at home.
The case is suitable for threemotherboard types - **Micro ATX**, **Mini ITX** and **Flex ATX**. Placed in upper part two external 5.25" bays allows for **CD/DVD** drive installation and external 3.5" bay is suitable for mounting **card reader**. For inside drives there is one 2.5" and one 3.5" bay. The applied **cable management system** and specially adapted holes inside the case make installation of the components quick and easy. The spacious interior holds graphic cards up to **340 mm** long. To improve the ventilation there is a place for installing up to **2 fans**. Maximum CPU cooler height is **160 mm**.
On the front there is a panel equipped with **two USB 2.0 ports** for connecting peripherals such as mouse or keyboard. Headphones and microphone outputs are placed right next to, providing quick access for connecting peripherals.
To protect the environment, all Akyga's cases are packed in Ecobox.
