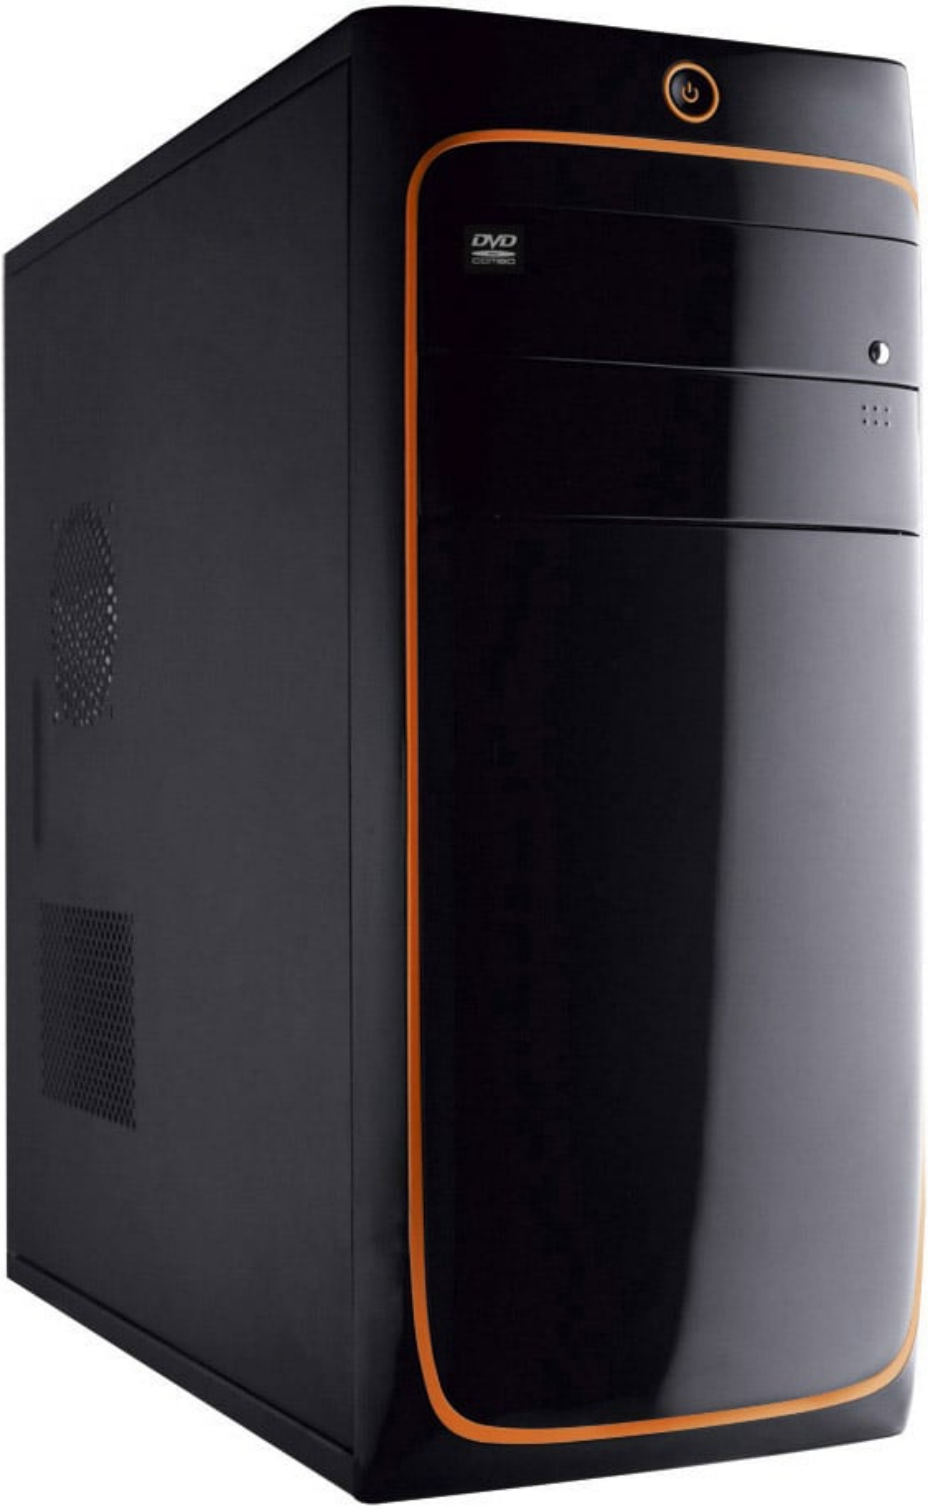
Computer case ATX

Model: **AKY303OR**



3

Product code	AKY303OR
Product type	Computer case ATX
Format	Midi ATX
Series	Midi Tower ATX Case
Motherboard compatibility	ATX, Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	2 pcs
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	3 pcs
Drive bay 3.5" external	1 pc
Tool-less 3.5" drive installation	1 pc
Drive bays 2.5" internal	1 pc
Tool-less 2.5" drive installation	No
Drive Bays 2.5" and 3.5" in all	5 pcs
Maximum graphic card length	260 mm
Maximum CPU cooling height	160 mm
USB 3.0 ports on the front panel	None
USB 2.0 ports on the front panel	2 pcs
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	7
Security lock	Optional
Cable management system	Basic
Installed fans	None
Spaces for additional fans	2
Fan slots description	Side: 12cm, back: 8/9.2cm
Power supply unit included	None
Material	Galvanized steel
Product color	Black
Color insets	Orange
Display	None
Package	EcoBox
Product size (L x W x H)	415 x 190 x 415 mm
Package size (L x W x H)	455 x 210 x 450 mm
Net weight	3.3 kg
Gross weight	3.8 kg
CE compatibility	Yes
Included accessories	AK-CA-03, AK-CA-19, AK-CA-20, AK-CA-22
EAN code	5901720131904
Warranty	24 months

Description

AKY303OR is a casing with versatile capabilities, which worked great in space, office, as well as home. Attention is drawn to the very aesthetically made front panel, black, matte color fits perfectly with orange accents.
The interior of the housing has been designed with attention to high efficiency and the greatest possible versatility. Allows you to use one of four types of motherboards. In addition to **Micro ATX**, **Mini ITX** and **Flex ATX** it is possible to mount a standard **ATX** motherboard, which is a big advantage that allows you to customize the components to the growing needs or requirements of the user. In the upper zone there are two **external 5.25**"bays designed for installing a CD / DVD drive or recorder, which can be converted into 3.5" or 2.5 "bay by means of the tray. Inside the casing there are **three 3.5 "pockets** (convertible up to 2.5"), **two 5.25 "pockets** and **one 2.5"**, which means a total of six internal bays for mounting disks. Cable management system and customized cutouts make it easy to install components. The inside of the housing allows the installation of graphic cards up to **260 mm** long.
In order to ensure a better ventilation of the whole, there are two fan compartments in the housing: a side one with a diameter of **12 cm** and a rear one with a diameter of **8 or 9.2 cm**. The maximum cooling height of the processor is **160 mm**. On the top of the housing there is a panel equipped with **two USB 2.0** sockets, which are great for connecting a wireless mouse, keyboard, external storage media or other peripheral devices. There are headphones and microphone inlets next to it. Thanks to such sockets placement, connecting equipment is fast and convenient.
Out of concern for the environment, all Akyga enclosures are packed in **EcoBox** packaging.
