UPS

Model: **AK-UP3-750**

Product code	AK-UP3-750
Product type	UPS
Series	Akyga Phasak
Supply voltage	100-240 V
Power consumption	< 2.6 A
Efficiency	> 80 %
Output voltage	230 V
Output amperage	2.08 A
Capacity	750 VA
Average switching time	2-8 ms
Waveform	Modulated sine
Battery type	12V 9Ah
Charging time up to 90%	4-6 h
Maximum power	450 W
Power inlet	CEE 7/7
Mechanical switch	Yes
Ground wire	Yes
Power supply connector	4 x CEE 7/7
Cable length	1.5 m
USB connector	None
USB connector	Yes
Security slot line RJ-45	Yes
C14 slots	2 pcs
Material	ABS
Product color	Black
Display	None
MTBF	10000 h
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	292 x 199 x 91 mm
Package size (L x W x H)	320 x 125 x 220 mm
Net weight	5900 g
Gross weight	6113 g
CE compatibility	Yes
FCC compatibility	Yes
RoHS compatibility	Yes
Warranty	24 months

Description

The modern **Akyga Phasak** power supply with a maximum power of **750VA** and **450W** of active power has been specifically designed to protect electronic devices against basic power problems, especially in case of power breakdown, power outages, surges and power loss. Current problems can appear at the least expected moment, and can result in loss of unsaved work sessions, loss of important data, and, in the worst scenario, permanent hardware damage. With the UPS Emergency Power Supply you can use your electronic devices without worries about interference with the mains, so that your home appliances is safe and protected. The versatility of the power supply makes it also great for protecting LANs, servers and workstations.
The power supply is characterized by a high efficiency of **over 80%**, which results in low energy loss in the form of heat, which also results in greater energy savings. The power supply has **four CEE 7/7** sockets and **two C14** sockets. An important feature of the Akyga Phasak is the **battery start-up**, which means that it can be switched on immediately if there is no mains supply - switching is practically instantaneous - within 2 to 8 ms. The battery charging time takes from 4 to 6 hours. The power supply has a **manual switch** allows you to cut the power off without the need of disconnecting the power cord from the mains. A range of security features (OVP, OCP, OPP, OTP, SCP) ensures the stability of both the power supply and powered components. Akyga Phasak **AK-UP3-750** Power Supply is a high quality product that meets current requirements and modern standards.
The product comes with a **1.5m** power cable.
