Computer case ATX

Model: **AK727BL**

3

Product code	AK727BL
Product type	Computer case ATX
Format	Micro ATX
Series	Micro Tower ATX Case
Motherboard compatibility	Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	2 pcs
Drive bay 3.5" external	None
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	None
Maximum graphic card length	350 mm
Maximum CPU cooling height	140 mm
Sheet thickness	0.5 mm
USB 3.0 ports on the front panel	None
USB 2.0 ports on the front panel	2 pcs
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	4
Security lock	Yes
Hole for padlock	Yes
Cable management system	Basic
Installed fans	None
Spaces for additional fans	2
Fan slots description	Side: 12cm, back: 8cm
Power supply unit included	No
Material	Galvanized steel
Product color	Black
Color insets	Blue
Display	None
Package	EcoBox
Product size (L x W x H)	390 x 180 x 365 mm
Package size (L x W x H)	427 x 212 x 427 mm
Net weight	2.5 kg
Gross weight	3.05 kg
CE compatibility	Yes
Included accessories	AK-CA-03, AK-CA-20
EAN code	5901720131577
Warranty	24 months

Description

The **AK727BL** is definitely one of the most elegant products in the Micro Tower Akyga range, dedicated to users compiling a compact computer. Small forms of computers are becoming more and more popular because they occupy little space and do not create the impression of "cluttering" - whether in office or at home. The elegant, glossy black front panel with blue accents makes it no longer necessary to hide the computer between the shelves, making it possible to match the casing to the room's design.
A great asset is the ability to expand and adapt components to changing needs and requirements. The casing allows the use of one of three different types of motherboards: **Micro ATX**, **Mini ITX** and **Flex ATX**. The **5.25" external bay** at the top will allow the installation of a CD/DVD drive. The disc and drives space is provided by **three internal bays**: **two 3.5”** and **one 5.25"**. The cable management system and customized cutouts inside the case make it easy to install components, and the spacious interior allows for up to **350 mm** long graphics cards.
To provide the best possible cooling, there are places for **two fans**: side of **12 cm** diameter and rear fan of **8 cm** diameter. The maximum height of CPU cooling system is **140 mm**. On the front panel there are two **USB 2.0** for connecting peripherals such as a mouse or keyboard, as well as microphone and headphone inputs, which are easy accessible to connect any devices.
To protect the environment, all Akyga cases are packed in EcoBoxes.
