Computer case ATX

Model: **AK995BK**

3

Product code	AK995BK
Product type	Computer case ATX
Format	Midi ATX
Series	Midi Tower ATX Case
Motherboard compatibility	ATX, Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	3 pcs
Drive bay 3.5" external	None
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	3 pcs
Drive Bays 2.5" and 3.5" in all	6 pcs
Total internal bays	7 pcs
Total external bays	1 pc
Maximum graphic card length	385 mm
Maximum CPU cooling height	150 mm
Sheet thickness	0.5 mm
USB 3.0 ports on the front panel	None
USB 2.0 ports on the front panel	2 pcs
Total number of USB connectors	2 pcs
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	7
Security lock	None
Cable management system	Basic
Installed fans	None
Spaces for additional fans	2
Fan slots description	Side: 12cm, back: 12cm
Anti-dust filters	No
Power supply tunnel	No
Power supply unit included	None
Material	Galvanized steel
Product color	Black
Display	None
Package	EcoBox
Product size (L x W x H)	414 x 200 x 422 mm
Package size (L x W x H)	465 x 225 x 455 mm
Net weight	2.7 kg
Gross weight	3.4 kg

CE compatibility	Yes
Included accessories	Set of mounting screws
EAN code	5901720132505
Warranty	24 months

Description

The Akyga® **AK995BK** is a Midi ATX case, suitable for players as well as home or office space. The case fit **Micro ATX**, **Mini ITX**, **Flex ATX** or standard **ATX** motherboard.
Located on the top **5.25" external bay** allow to mount a CD/DVD drive or burner. Inside there are **three 2.5" bays**, **three 3.5” bays** (convertible to 2.5") and **one 5.25” bay**, giving a total of **7 bays** for mounting disks and drives. The cable management system facilitate the installation of components while spacious interior allows for long graphics cards up to **385 mm** long.
The case makes it possible to install **two fans**: side (12 cm) and rear (12 cm). The maximum height of CPU cooling system is **150 mm**. Cooling is also favored by a front panel almost entirely made of steel mesh. This means that air circulation (with or without fans) is much better than in fully enclosed case, and this provides cooler conditions for key components, ensuring their stable operation for longer time. On the front panel there are **two USB 2.0** which are great for connecting wireless mice, keyboards, external storage media or other devices. The headphone and microphone inputs are located right next to, providing fast and easy access for peripherals.
To protect the environment, all Akyga cases are packed in EcoBoxes.
