Computer case ATX

Model: **AKY499BL**

3

Product code	AKY499BL
Product type	Computer case ATX
Format	Midi ATX
Series	Midi Tower ATX Case
Motherboard compatibility	ATX, Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	2 pcs
Drive bay 5.25" internal	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	3 pcs
Drive bay 3.5" external	1 pc (via AK-CA-19)
Tool-less 3.5" drive installation	Yes
Drive bays 2.5" internal	1 pc
Tool-less 2.5" drive installation	No
Drive Bays 2.5" and 3.5" in all	5 pcs
Maximum graphic card length	260 mm
Maximum CPU cooling height	160 mm
Sheet thickness	0.55 mm
USB 3.0 ports on the front panel	1 pc
USB 2.0 ports on the front panel	1 pc
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	7
Security lock	None
Cable management system	Basic
Installed fans	None
Spaces for additional fans	2
Fan slots description	Side: 12cm, back: 8/9.2cm
Power supply unit included	None
Material	Galvanized steel
Product color	Black
Color insets	Blue
Display	None
Package	EcoBox
Product size (L x W x H)	415 x 190 x 415 mm
Package size (L x W x H)	455 x 210 x 450 mm
Net weight	3.3 kg
Gross weight	3.8 kg
CE compatibility	Yes
Included accessories	AK-CA-03, AK-CA-19, AK-CA-20, AK-CA-22
EAN code	5901720131942

Warranty	24 months

Description

The **AKY499BL** is a versatile case that is perfect both for players and for home or office space. The black, brushed front panel with blue accents makes the case look aesthetic and elegant.
It has been designed with care of high performance and the greatest possible versatility. The casing allows one of four different types of motherboards to be used. In addition to the **Micro ATX**, **Mini ITX** and **Flex ATX**, it is possible to mount a standard **ATX** motherboard, which is an important asset in adapting the components to changing needs and requirements. **Three 5.25" external bays** will allow to mount a CD/DVD drive or burner – those can be also transformed into a 3.5" or 2.5" by using a tool-less bay, if needed. Inside there are **three 3.5”** bays (convertible to 2.5"), **one 2.5”** bay and **one 5.25”** bay, giving a total of **5 internal bays** for mounting disks and drives. The cable management system and customizable cutouts facilitate the installation of components, while the spacious interior allows for the installation of graphics cards up to **260 mm** long.
The case makes it possible to install **two fans**: side (12 cm) and rear (8 or 9.2 cm). The maximum height of CPU cooling system is **160 mm**. On the front panel there is a **USB 3.0** port for fast data transfer and standard **2.0 port** for connecting peripherals such as a mouse or keyboard. The headphone and microphone inputs are located right next to it, providing easy and fast access to the peripherals.
To protect the environment, all Akyga cases are packed in EcoBoxes.
