Power Strip

Model: **AK-SP-06B**

Product code	AK-SP-06B
Product type	Power Strip
Series	Surge protector
Mechanical switch	Yes
Ground wire	Yes
Cable length	3.0 m
Anti-interference protection	Yes
RFI filter	To 10 dB
Maximum energy absorption	150 J
Fuse	Yes
Response time	25 ns
Maximum impulsive power	4500 A
Maximum energy load	2000 W
Socket type	German plug (Schuko) CEE 7/4
Number of sockets	5
Material	ABS
Product color	Black
Display	None
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	282 x 50 x 38 mm
Package size (L x W x H)	375 x 95 x 46 mm
Net weight	348 g
Gross weight	414 g
CE compatibility	Yes
RoHS compatibility	Yes
EAN code	5901720130198
Warranty	24 months

Description

The Akyga® AK-SP-06B power strip is an indispensable accessory for every office or household. **Five Schuko sockets (CEE 7/3)** will allow you to connect more devices to a single power socket. Thanks to this, a laptop, smartphone, tablet or other devices can be charged at the same time. In addition, the power strip has a **3 m cable**, which makes it ideal as an extension cord. From now on, connecting your computer equipment to the socket behind the wardrobe or bed will no longer be a problem.
The AK-SP-06B **surge protection strip** also has a **power switch**. It allows you to easily and quickly switch off all connected devices. Thanks to this, you no longer need to disconnect each device from the socket separately. What's more, the power strip protects your equipment from the effects of surges and also suppresses unwanted interference. This is very important because surges can be very dangerous for our devices.
