Model: **AK403BK**

Description

The **AK403BK** case is a product of Akyga's Micro Tower offer, dedicated for users who want to create a compact computer. Black minimalistic design makes it well suitable for office interiors.
The case is suitable for three motherboard types: **Micro ATX**, **Mini ITX** and **Flex ATX**. The **5.25" external bay** at the top will allow the installation of a CD/DVD drive. Inside the case there are **two 2.5”**, **one 3.5" bay** and **one 5.25" bay** for drives installation. The applied cable management system and specially adapted holes inside the case make installation of the components fast and easy. The spacious interior holds graphic cards up to **330 mm** long. To improve the ventilation there is a place for installing **three fans**: side diameter **8 or 12 cm**, rear fan of **7 or 8 cm** diameter and bottom of **8 cm** diameter. The maximum height of CPU cooling system is **150 mm**.
On the front panel there are **two USB 2.0** ports and audio inputs, providing quick access for connecting peripheral devices.
To protect the environment, all Akyga cases are packed in Ecobox.
