Computer case ATX

Model: **AK728BK**

3

Product code	AK728BK
Product type	Computer case ATX
Format	Micro ATX
Series	Micro Tower ATX Case
Motherboard compatibility	Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Drive bay 5.25" internal	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	1 pc
Drive bay 3.5" external	1 pc
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	None
Maximum graphic card length	350 mm
Maximum CPU cooling height	140 mm
Sheet thickness	0.5 mm
USB 3.0 ports on the front panel	None
USB 2.0 ports on the front panel	2 pcs
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	4
Security lock	Yes
Hole for padlock	Yes
Cable management system	Basic
Installed fans	None
Spaces for additional fans	3
Fan slots description	Side: 12cm, back: 8cm, front: 12cm
Power supply unit included	None
Material	Galvanized steel
Product color	Black
Display	None
Package	EcoBox
Product size (L x W x H)	400 x 180 x 360 mm
Package size (L x W x H)	438 x 220 x 400 mm
Net weight	2.5 kg
Gross weight	3.05 kg
CE compatibility	Yes
Included accessories	AK-CA-03, AK-CA-20
EAN code	5901720132192
Warranty	24 months

Description

AK728BK case is a product of Akyga's Micro Tower offer, which stands out for its excellent cooling capabilities. The case makes it possible to install **three fans**: front (12 cm), rear (8 cm) and side (12 cm). The maximum height of CPU cooling system is **140 mm**. In the place designed for the power supply, on the top panel of the case there are **additional vents** that provide the access of cool air. Cooling is also favored by a front panel, almost entirely made of **steel mesh**. This means that air circulation (with or without fans) is **much better** than in fully enclosed cases and provides **cooler conditions** for key components.

The casing allows the use of one of three different types of motherboards: **Micro ATX**, **Mini ITX** and **Flex ATX**. The **5.25" external bay** at the top allow the installation of a CD/DVD drive and the **3.5" external bay** can be used as a space for memory card reader. Inside the case there are **one 5.25”** and **one 3.5"** bay for drives installation. The cable management system and customized cutouts inside the case make it easy to install components. Spacious interior allows for up to **350 mm** long graphics cards. On the front panel there are **two USB 2.0** for connecting peripherals such as mouse or keyboard, as well as microphone and headphone inputs, which are easy accessible to connect any devices.

To protect the environment, all Akyga cases are packed in EcoBoxes.
