Power cable

Model: **AK-NB-06T**

Product code	AK-NB-06T
Product type	Power cable
Series	Tinen
Output voltage	250 V
Output amperage	2.5 A
Ground wire	Yes
Cable length	3 m
The cable plug #1	Tinen - hybrid C/E/F standard plug
The cable plug #2	IEC C5
Product color	Black
CE compatibility	Yes
FCC compatibility	No
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720132550
Warranty	24 months

Description

Akyga® AK-NB-06T is a high quality, solid 3-pin "clover" power cable. Designed for AC adapter to power monitors, projectors and other electronic devices. A **three-meter long** cord will help when restricted access to a power source.
The cord is made of **oxygen-free copper** (OFC) in **99.99%**, which ensures long-term durability of the product without losing its properties.
The distinguishing feature of this cable is **TINEN** plug that is equipped with a special button which pushes the plug out of the socket gently. Thanks to that, anyone can now easily remove the plug from the socket using one hand only and without the use of force. The Tinen plug type is an improvement, which helps to eliminate the difficulties with pulling out the plug and a problem of wall outlets loosening, and thus increases the safety and parts lifespan.
