Power cable

Model: **AK-CT-04**

Product code	AK-CT-04
Product type	Power cable
Series	Tinen
Ground wire	Yes
Cable length	3 m
The cable plug #1	Tinen - hybrid C/E/F standard plug
The cable plug #2	Without termination
Product color	Black
CE compatibility	Yes
FCC compatibility	No
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720132642
Warranty	24 months

Description

Akyga® AK-CT-04 is a 1 m power cable with a TINEN plug. The product is intended for self-assembly, it can be used, among others for AC adapters to power laptops, monitors, projectors and other electronic devices. The cable is made of oxygen-free copper, which ensures long-term product durability without the risk of losing its properties.

The distinguishing feature of this cable is the TINEN plug, equipped with a special button, the use of which gently pushes it out of the socket. This makes it easy to remove the plug from the socket with one hand and without using force. This is a significant facilitation that eliminates the problem of pulling the plug and loosening of the wall sockets, and thus increases the safety of use and the life of the elements.
