Power cable

Model: **AK-ET-03**

Product code	AK-ET-03
Product type	Power cable
Series	Tinen
Ground wire	Yes
Cable length	2 m
The cable plug #1	Tinen - hybrid C/E/F standard plug
The cable plug #2	French plug (pin) CEE 7/5
Product color	Black
CE compatibility	Yes
FCC compatibility	No
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720132680
Warranty	24 months

Description

Akyga® AK-ET-03 is a solid 2 m extension cord with a Tinen plug. The extension is very useful in case of restricted access to a power source. The cord is ended with **CEE 7/5** french plug (with pin). The cord is made of **oxygen-free copper** (OFC) in **99.99%**, which ensures long-term durability of the product without losing its properties.
The distinguishing feature of this cable is **TINEN** plug that is equipped with a special button which pushes the plug out of the socket gently. Thanks to that, anyone can now easily remove the plug from the socket using one hand only and without the use of force. The Tinen plug type is an improvement, which helps to eliminate the difficulties with pulling out the plug and a problem of wall outlets loosening, and thus increases the safety and parts lifespan.
