| Included accessories | USB Cable |
| EAN code | 5901720134950 |
| Warranty | 24 months |

# Description

**AK-QI-02** is an induction charger which looks good on your desk. It is easy to use because this device allows to charge the battery without a cable, making it an ideal solution for broken sockets or to reduce wiring. This device allows you to use the phone case while it is charging. Thanks to the **Fast Charge** technology the charge time advantage up to **40%** than regular chargers with a 5V 1A.
The **AK-QI-02** charger is compatible with mobile devices which have **Qi induction charging technology**. Start and the end of the charging process is indicated by a **two-color LED**. The device has a **microUSB** input for connecting to a network charger or power bank with the included USB cable.
The set includes a **70cm** long **USB cable**.
