Inductive charger

Model: **AK-QI-03**

Product code	AK-QI-03
Product type	Inductive charger
Supply voltage	5 V DC
Power supply connector	Micro USB
Cable length	70 cm
Product color	White
Backlight color	Bicolor diode
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	125 x 75 x 100 mm
Package size (L x W x H)	130 x 80 x 105 mm
Net weight	124 g
Gross weight	162 g
CE compatibility	Yes
FCC compatibility	Yes
RoHS compatibility	Yes
Included accessories	USB Cable
EAN code	5901720134967
Warranty	24 months

Description

The Akyga® AK-QI-03 induction charger is an extremely convenient device to use. Its clever design makes it an exceptionally practical yet stylish accessory that looks great on your desk. What is more, the **applied standard of wireless QI** charging ensures not only freedom from unnecessary cabling, but also ease of use and versatility. The built-in induction charging module has **three coils** at different heights. This allows the charger to charge most commercially available telephones equipped with a QI adapter. This position of the coils allows you to charge the device in any position, both vertical and horizontal. In addition, the charger can also be used as a phone stand. This allows you to charge your device while watching a movie. At the same time, you don't have to worry about the cover on your phone because the charging range is **8 mm**.
This innovative solution is an ideal alternative in case of damaged sockets or a desire to reduce cabling. Moreover, the charger is equipped with **two universal USB ports** to which you can connect cables with any end. This can be either Micro USB or USB C. The freedom of choice ensures compatibility with most smartphones, tablets and smartphones. **The Quick Charge technology used ensures quick charging** of the phone and other devices connected to the charger. Built-in USB connectors provide **5 V/2 A** when charging one device and **5 V/1 A** when charging two devices simultaneously. In addition, the charger also has a **two-colour LED** to indicate the start and end of the charging process.
A **70 cm** long **USB cable** is included with the charger.
