Warranty	24 months

Description

The Akyga® AK-USB-26 cable is equipped with a traditional USB A terminal and a USB Micro B SuperSpeed plug. It is used for fast data transmission and synchronization between devices. The cable has been made in USB 3.0 standard, which guarantees stable and fast data transfer. The product, thanks to its short length, which is 0.5 m, is ideal for connecting a phone or tablet to a power bank or car radio.
The cable was made in a standard black color.
