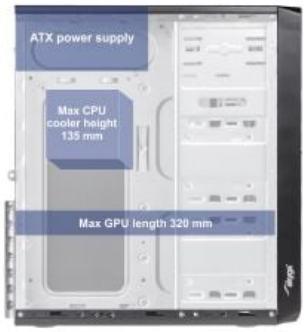
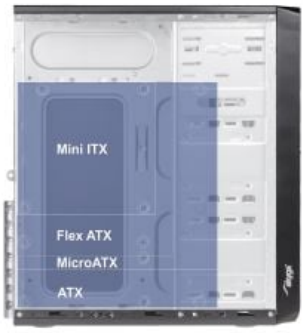
Computer case ATX

Model: **AK801BK**

3

Product code	AK801BK
Product type	Computer case ATX
Format	Micro ATX
Series	Micro Tower ATX Case
Motherboard compatibility	ATX, Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	2 pcs
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	3 pcs
Drive bay 3.5" external	1 pc
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	3 pcs
Tool-less 2.5" drive installation	No
Drive Bays 2.5" and 3.5" in all	4 pcs
Maximum graphic card length	320 mm
Maximum CPU cooling height	135 mm
Sheet thickness	0.4 mm
USB 3.0 ports on the front panel	2 pcs
USB 2.0 ports on the front panel	None
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	7
Security lock	Yes
Opening sensor	Optional
Hole for padlock	Yes
Cable management system	Basic
Installed fans	None
Spaces for additional fans	3
Fan slots description	Side: 2x 8/12cm, back: 8/9.2cm
Power supply unit included	No
Material	Galvanized steel
Product color	Black
Display	None
Package	EcoBox
Product size (L x W x H)	375 x 174 x 410 mm
Package size (L x W x H)	410 x 217 x 447 mm
Net weight	2.35 kg
Gross weight	2.75 kg
CE compatibility	Yes
EAN code	5901720133687
Warranty	24 months





Description

The Akyga **AK801BK** Micro Tower case is a product that combines the capabilities of large enclosures with the advantages of small forms. Black matte front with silver accents will make you no longer want to hide the computer between the shelves, but fit it into the decor of your interior and workspace. Rounded edges give the whole elegant yet modern finish. In addition to the aesthetic appearance, the casing has a wide range of options for expansion and adaptation of the interior, so if you are building a computer and especially value the functionality that is within reasonable price - this product is for you.
The casing allows one to four different types of motherboards to be used. In addition to the **Micro ATX**, **Mini ITX** and **Flex ATX**, it is possible to mount a standard **ATX** motherboard, which is an important asset in adapting the components to changing needs and requirements. **Two 5.25" external bays** located on the top will allow you to mount a CD/DVD drive or burner, and the **3.5" external bay** can serve as a space for memory card reader. Inside there are **three 3.5" bays**, which also allow the use of **2.5" drives**. The cable management system and customizable internal cutouts facilitate the installation of components, while the spacious interior allows for the installation of graphics cards up to **320 mm** long.
Responsible for efficient cooling can be up to **three fans**. Space for two of them, a diameter of **8 cm or 12 cm** are provided on the side panel. On the back of the case there is a space for the third fan with a diameter of **8 cm or 9.2 cm**. The maximum height of CPU cooling system is **135 mm**. On the front panel there are **two USB 3.0 ports** for fast data transfer and quick charging. Those ports are also great for connecting wireless mouse, keyboard, external storage and other peripherals. Right next to are the headphone and microphone inputs. Thanks to this position of the sockets, connecting equipment is fast and convenient.
To protect the environment, all Akyga cases are packed in EcoBoxes.
