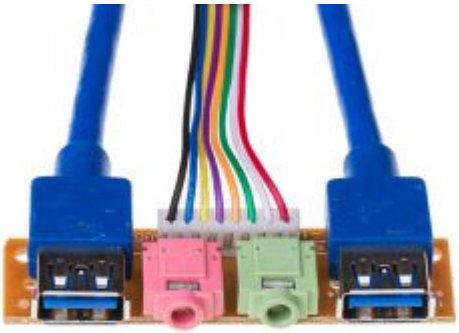
Package size (L x W x H)	260 x 175 x 30 mm
Net weight	79.5 g
Gross weight	89.8 g
EAN code	5901720134271
Warranty	24 months



Description

Akyga® AK-CA-57 is a front panel intended for mounting in computer cases as a service or replacement element. It consists of **two USB 3.0** ports, a headphone and a microphone input. The USB 3.0 is a universal connector that guarantees up to ten times faster data transfer between a computer and external devices than in the 2.0 standard. USB ports allow to connect flash drives, printers, mice, keyboards and other devices.
The audio input allows to connect speakers or headphones. The panel works in accordance with the **Audio HD system**. The 65 cm long cable allows for easy connection and arrangement of cables inside the case.
The panel is great as a replacement for broken ports or in the need to replace 2.0 port to 3.0 standard. Can be used in Akyga Midi Tower enclosures.
