Description

The Akyga® AW-12E-BG fan is a high-quality cooling solution for your desktop PC. It has 9 specially designed blades placed on a durable **sleeve bearings**. They provide many hours of quiet and trouble-free operation at the highest speed. Furthermore, for an even quieter operation, the fan is equipped with **rubber pads** that prevent possible vibrations. Furthermore, the fan blades are illuminated by **33 green LEDs**. That way, the fan can be used to display the interior of the ATX case. Additionally, the long **30 cm cable** ensures a flexible installation inside the case. On the other hand, the **Molex connector** allows for an easy connection of the fan to any PC PSU equipped with the appropriate connector.
Mounting screws are included.
